

Broadband DSL Credentials

DSL credentials are also known as PPP credentials.

Gamma DSL Realms

All new orders are provisioning on @b2bdsi.

Services migrated in from the old third party network will be on @business-dsl.co.uk

Finding User Credentials

User credentials can be found in the Broadband Service Management page of the Gamma Portal.

Once you have logged on to the portal go to **Provisioning -> Broadband -> Broadband Service Management**. Using the filters find the subscriber you are looking for then click on the service ID.

Broadband Service Management

Partner Account: XXXX - Gamma Test 1 - 44000169

CLI:

Service ID:

Service Status: (Any)

Broadband Category: (Any)

Customer Name:

Site Postcode:

IP Address:

CPE Username:

Records Per Page: User default (10)

Max results returned: User default (100)

Showing 1 to 10 of 100

Service ID	Channel Partner	Broadband Product	Service Status	CLI	Customer Name	Postcode	Actions
144610		Gamma Unlimited Business 2+	Active	0161		1BR	<input type="button" value="Actions"/>

You will then be taken to a details page where you will be able to view your DSL Credentials.
