

# Instant Conference Group

As the company administrator, you can set up a conference group allowing up to 20 different people to be called automatically once the conference has been started. You may choose to use this to create incident bridges or similar instant conference groups for your company.

For this to be activated the conference group can be started by any user calling the conference number, which will then trigger calls to other group members.

## Setup an Instant Conference Group

### **Instant Conference Groups are set up by the Company Administrator**

Before you start to set up your Instant Conference Group, you need to make sure that you have Instant Conference Group Add-ons to do this. This is done by completing the following actions:

1. Log into the Gamma Portal and go to Provisioning and Service Management, Hosted, Horizon and Horizon Manage Company.
2. Select your account and locate the company that you want to set up a Hunt Group for.
3. Using the "Actions" drop-down select "Manage Bolt ons".
4. From here you can see what bolt-ons you have and how many are currently in use. If you need to add any more Instant Conference Group add-ons, scroll to the bottom of the page and click "Add More Bolt ons" and then you can add as many bolt-ons as you need by adding against "InstantConferenceGroup".

### **Step 1**

Log into the Gamma Portal and go to Provisioning and Service Management, Hosted, Horizon and Horizon Manage Company.

## Step 2

Select your account and login to the company that you want by using the “Actions” button and selecting “Login to Horizon”.

## Step 3

Click the “Call Groups” option and then select “Instant Conference Group”. On the Instant Conference Group page click “Add”.

## Step 4

You will now be in the wizard for Instant Conference Groups. On the first page you will be setting up the following:

- **Site** - the site that the Instant Conference Group will be used for.
- **Group Details** - enter the name, username and department that you'd like the group to be assigned to. This is so that you can quickly identify the group if you ever need to edit or delete the group.
- **Caller ID** - this will be what is displayed on the handset when the Instant Conference Group is used.
