

# **Akixi Documentation**

Please note this document is not produced or maintained by Gamma. We want to try and make interactions with us straightforward, so where we think a third party document might be helpful we will include it in our support library. However we can't be responsible for the accuracy or relevancy of the content given it is produced by a third party.

If you find any issues with the document we would recommend you referring to some of the online support forums/communities that may be able to help.
